## IJPE Guidelines for Contributors 2022

---

The International Journal of Physical Education (IJPE) is concerned with research and scholarship in the social sciences and humanities that focus upon different aspects of physical education, including the eight IJPE review topics ‘instructional theory of sport’, ‘health foundations’, ‘sports curriculum theory’, ‘historical and philosophical foundations’, ‘physical education teachers and coach education’, ‘psychological and sociological foundations’, ‘comparative sports pedagogy’ and ‘conceptual and empirical sports pedagogy’.

All work submitted should be original, unpublished work, not under consideration elsewhere. All papers submitted for the sections ‘research articles’ as well as ‘sport international’ undergo a thorough double-blind peer-review process. Accepted papers come under the copyright of the Journal.

Articles should be submitted by e-mail as an attachment, preferably in Microsoft Word. Manuscripts should be in English. Contributors whose native language is not English are encouraged to consult an English language specialist to ensure that the manuscript is suitable for publication.

- Manuscripts (up to a maximum of 5500 words, including tables, figures and references) should include an abstract of 150-200 words on a separate sheet, and have three to five keywords placed at the beginning of the article. Should the manuscript contain tables and/or figures the amount of words is respectively less.
- The format of the article (including tables, figures and references) should conform to the American Psychological Association format (see APA Publication Manual, 2020, 7<sup>th</sup> Edition).
- As far as possible, any information that would lead to identification of the authors should be removed from the manuscript itself.
- A second file should be provided as a title page which includes the names of all authors in the appropriate order for publication and with details of their institutional affiliation(s). The lead or corresponding author must be clearly identified with full contact details.
- Articles not conforming to the above specifications will be returned to the authors for correction prior to the reviews
- The editors retain the right to make limited editorial changes to manuscripts that have successfully completed the initial review process. Such changes will be returned to the author for approval prior to publication.
